

## Hello! Bonjour! Intro to Canadian Life EX. version

Hello everyone! It's your Coordinator of International relations (CIR) Mary again. In the Kyotanabe City newspaper- *Hotto Kyotanabe* 2018 August issue, I introduced about Playland in Vancouver as a place that locals visit during summer vacation. In this issue, I am going to talk about icecream trucks and types of icecream that are popular in Canada!

### Icecream Truck

Many people in Japan think of cold noodles or shaved ice as foods that are representative in summer. Canadians look forward to icecream truck in the summer. These trucks would go through parks and communities during afternoon hours in Vancouver. You would hear the kids songs played by the truck and see children chasing after them. That was great memories of my childhood.

### Drumstick

The drumstick is a type of sugar cone icecream. It is very similar to the Giant Cone by Glico in Japan. It is usually chocolate covered vanilla icecream with peanuts sprinkled on the top. It comes with a crispy sugar cone as well.

There are other limited editions sold at summer time for example the chocolate mint flavor and strawberry flavor are very popular in Canada.

### Popsicle

Popsicle is the fruit flavored ice candy. It usually has three colors- red for cherry, white for watermelon and blue for blueberry. You get different flavors on one stick.
